COMPANY OVERVIEW

OUR COMPANY

KEPL was founded in 1996 by Mr. Kanwar Pal Singh. Initial projects included excavation and other earthworks like **Area grading, Hard rock cutting etc. but eventually, KEPL entered into all types of Civil, Structural, Architectural and Turnkey Projects.**

Today, Kanwar Enterprises (P) Ltd. takes on the role of main contractor for medium to big projects and performs project management services to coordinate specialist trades for industrial/commercial projects. We also provide design inputs and engineering solutions as value-add services to our clients.

A photograph of a construction site with various heavy machinery, including excavators and rollers, under a red tint. The text is overlaid on the bottom half of the image.

**Meaningfully touching the lives of employees,
creating values for customers and
leaving a legacy of inspiration for the future generations.**

FOUNDER PROFILE

KANWAR PAL SINGH

Managing Director

- Mr. Kanwar Pal Singh completed his schooling from Mohali Punjab in 1990 and joined his brother's business learning skills of the construction and Engineering.
- He has successfully built the business from scratch, expanding it into multiple types of projects across power plant projects, railway projects, excavation projects including the Delhi Metro, Hotel development, etc.
- Some of the notable projects completed under his leadership include the Golf Course Noida projects which is known as Jaypee Greens Sector-128 Noida, two major Hotel Projects Named as Hotel Udai Vilas Palace, Udaipur and Hotels Raj Vilas Palace, Jaipur with the Oberoi Group and more.
- At Present, He is actively working on Exploring the opportunities in the Highways and Railways.

PROJECT VERTICALS

Civil, Structural, Architectural and Turnkey Projects

Power Plant Construction Projects

- Construction of Ash dykes
- Tall structures, light chimney and silos
- Tailing Dam, Leveling, Grading
- Coal Handling Plant
- Wagon tippler
- Other AHP/CHP Packages

Mining, Land Development and Excavation

- Sheet Pile work
- Soil/Rock Anchoring
- Mass Earth Works
- Deep excavation
- Hard rock cutting, blasting operations
- Underground Mining
- Open cast Mining

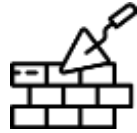

Others Civil and Architectural works

- Land development
- Group Housing Building Construction
- High Rise Building
- Railway Siding Work

OUR STORY

Started “KANWAR ENTERPRISES” a proprietorship firm.

Underground Metro Deep Excavation, Disposal of excavated Materials (Soil & Hard Rocks), Development of Lakewood City, Control Blasting, Open cast/ Sand and underground Mining

Entered into Power Sector, construction of Ash Dyke, ETP/STP, Heavy foundation work of HVDC/GIS Switch Yards, Fabrication and Erection work in Chennai of Buildings.

1998

1999

2002

2006

2007

2012

Civil Construction, Area Grading, Hard Rock Cutting, Golf Course Development.

Civil Works-Commercial Institutional and Industrial Buildings with Apollo Tyres including Construction Management. Architectural, PCC Works, Electrical & Road Works.

Rock Bolting and shortsheeting along with land development and infrastructure jobs of small and large value and Raw water Reservoir, tailing Dam works.

OUR STORY

Successfully Completed Construction of 25 MW Solar Power Plant at Khimat Palanpur Gujarat

2013

2016

Exclusively constructed the Thermal Power Plant of BHEL in Manuguru.

- Coal Handling Plant (CHP) Patratu, Bihar
- Piling work at Mumbai by Tata Power
- Rail Infrastructure projects in Maithon, Jharkhand.
- Completion of RSPL Ash dyke power plant project with the highest tender value of **160 Cr.**
- Received appreciation award for **7 Million Safe Man hours** without any LTI by RSPL

2019

2020

- Successfully Completed the Extensive Soda Ash Plant with processed sea water intake at Dwarka, Gujrat
- RCC Single flue chimney completed for BHEL for **INR 70 cr.**

Company entered into Chimney construction & Tall Structure & successfully grabbed two Projects simultaneously in Unchahar, Uttar Pradesh (Completed in December) & Ramagundam (Telagana).

2021

2022

Secured Chimney and tall structure projects worth **50 cr from BHEL**

NOTABLE PROJECT

KEPL's efficient, safe, time bound completion of in-hand jobs and has executed the works in line with the specifications provided by RSPL in terms of safety & quality provided us with a great opportunity to expand our initial awarded tender of 14cr for Soda Ash Plant of 1500 TPD capacity.

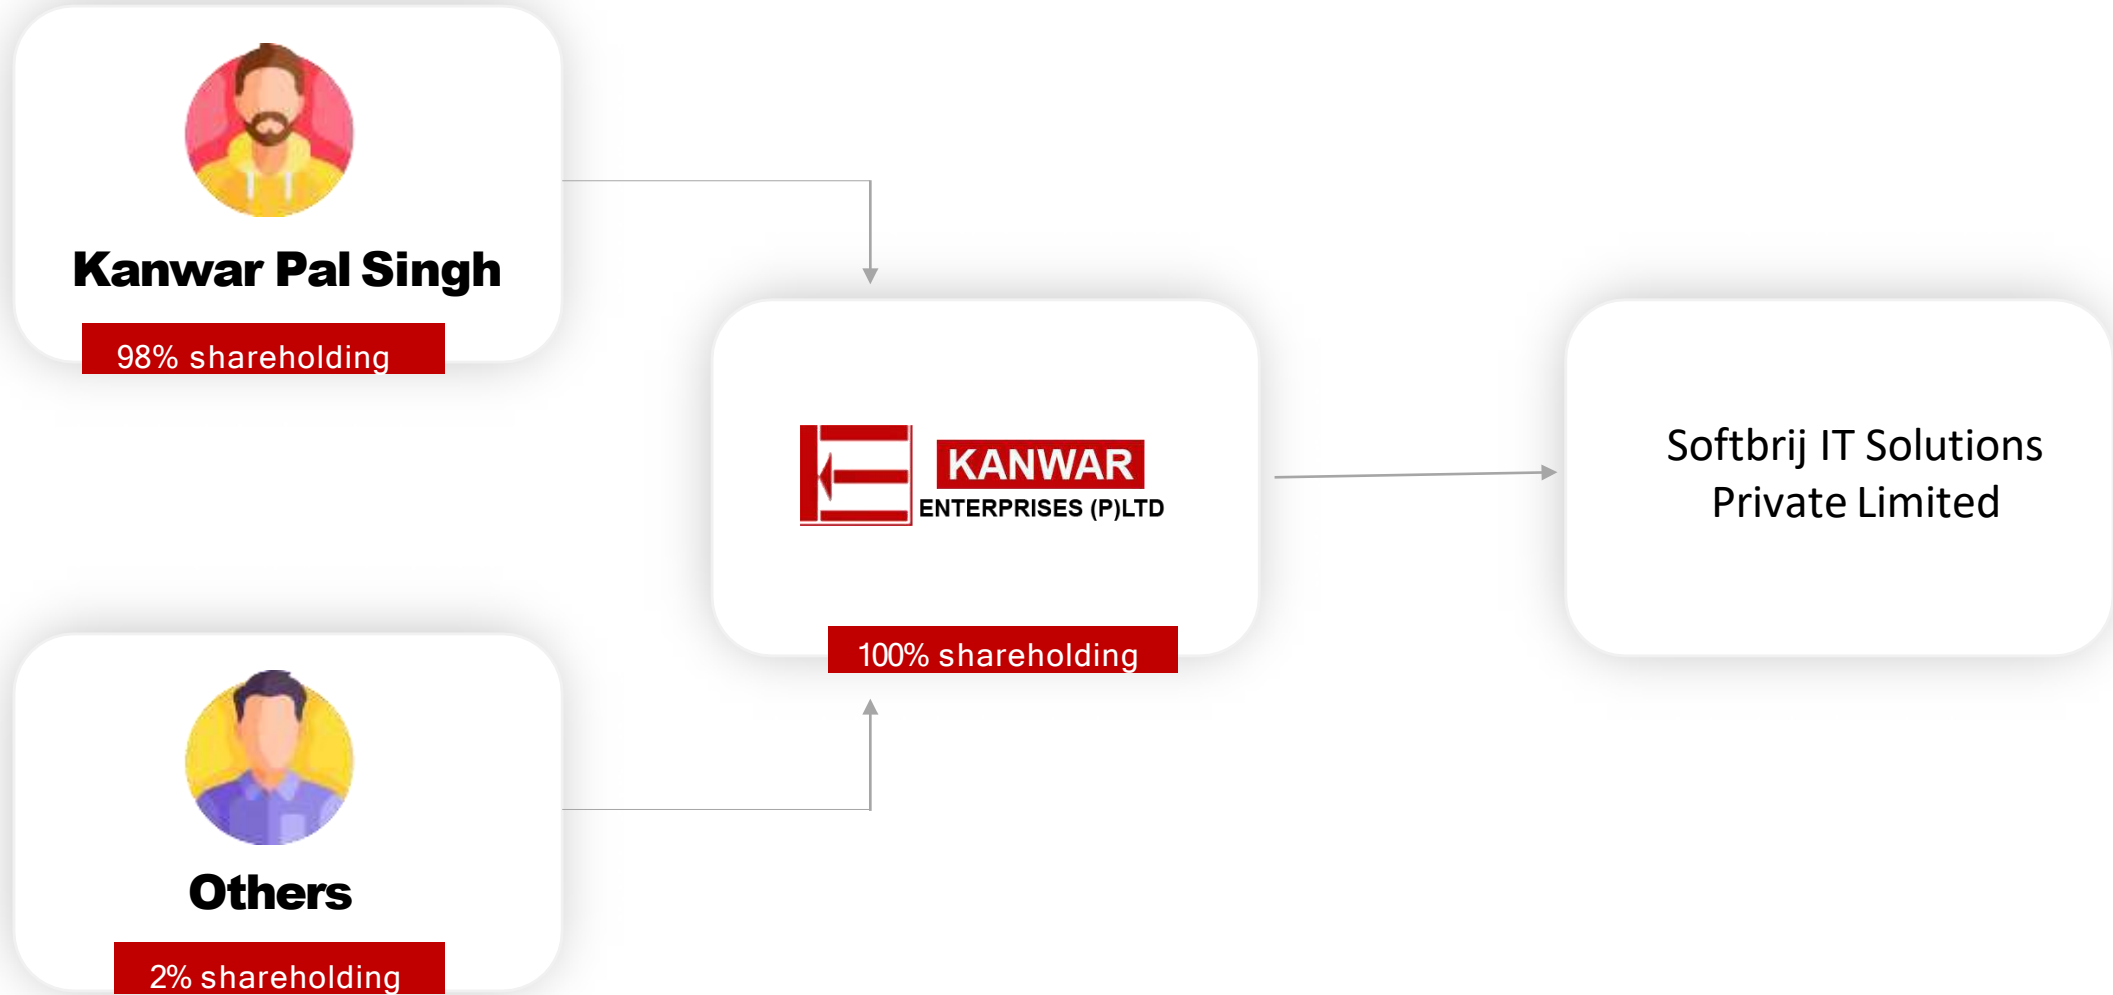

RSPL's management decided to offload other contractors making order value of INR 160.89 Cr.

PARTICULARS	SERVICE
Owner	RSPL

BHEL_PSNR	Uttar Pradesh	RCC Single Flue Chimney Project	697,500,000

CORPORATE STRUCTURE

CUSTOMER BASE

PUBLIC COMPANIES

PRIVATE COMPANIES

KEY VALUE DRIVERS

Our core strengths are **efficient, safe, time bound completion of in-hand jobs** which builds a relationship with our clients and provides a one stop solution to the clients to all issues & problems at sites regarding the Projects.

Own Equipment

Saving time and money on every project

In-house Team

Improved productivity, efficiency and on-site safety

One-stop solution

For multiple services and projects

COMPETORS - LISTED

NAME

SERVICE

Construction of commercial buildings, hospitals and medical colleges, railway terminus and stations, sports complexes and swimming pools

Construction of Highways, Railways, Power Projects, Highrise Buildings and city gas distribution

Civil and infrastructure projects and manufacture of concrete sleeper for Railways

Roads & Highways, Bridges, Airport Runway, Railways, Metros, Power Transmission and Tunneling

Civil and Industrial construction and Mining projects

Construction of Highways, Railway and Water bridges, Irrigation projects and urban development

Highways, Bridges, flyovers, and power projects

OUR VISION

*To create a strong national brand name
in the construction industry and its
allied industry.*

Our Mission Statement

- ❖ To perform for our Clients, the highest level of quality construction services at fair and market competitive prices.
- ❖ To maintain the highest levels of professionalism, integrity, honesty and fairness in our relationships with our suppliers, subcontractors, professional associates and customers.
- ❖ To ensure the longevity of our company achieved by Client satisfaction in all areas including timeliness, attention to detail and service-minded attitudes.

Project Review

Over the two decades KEPL has had the opportunity to participate in a myriad of construction projects.

The types of projects we have participated in can be broadly categorized as following: -

- All Civil, Structural and Architectural work of Power Plant
- Reclamation and Earthwork
- Tailing Dam, Raw Water Reservoirs and Ash Dyke Works
- Chimney Construction
- Tunneling Work
- Piling Work
- Road & Bridges Work
- Railway Embankment & Bridges
- Treatment Plants (water/sewage)
- Commercial Buildings
- Educational Institutions
- HVDC and GIS Power Stations
- RCC Chimney construction work
- Thermal Power Plants
- TG Deck, TG Building, Boiler Package, Bunker Package
- Ash Handling Plant, Coal Handling Plant
- FGD System
- Underground Pump House/Sea Water Intake

Company Machinery

Our corporate Office serves as our machinery fleets support service center. It is the coordination center for the purchase and distribution of machines and all types of spare parts for all our projects. We also provide such services for all our major client's project requirements.

We also have a highly experienced and skilled team of mechanics who are deployed not only for our own projects but also provide services for our clients.

We are also very experienced in operating and maintaining site workshops for projects requiring large fleets of machinery
